To whom it may concern,

I wish to speak with the supervisor of Wayne Praskins about a superfund project underway in Silver City and Dayton. Consultation under Section of 106 of the National Historic Preservation Act of 1966 as amended was not completed for this project, which involves a National Landmark District. Mr. Praskins was in my agency today, speaking with my staff, but left before the matter could be adequately resolved. This project is in non-compliance with federal law, and the press is likely to ask questions. I would like your assistance on how to handle questions, and I would like to know how EPA intends to handle this. I would appreciate it if someone could give me a call AS SOON AS POSSIBLE. (702) 687-6360.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ron James".
